EDUCATION

BVRIT Hyderabad College of Engineering for Women

B.Tech in Computer Science and Engineering — CGPA: 9.13

Aug 2024 – Jun 2028

Hyderabad

Resonance Junior College

Higher Secondary Education — 96.6%

Jun 2022 – Mar 2024

Hanamkonda

Sri Chaitanya High School

Secondary School Education — GPA: 10.0

Sep 2021 – May 2022

Hanamkonda

PROJECTS

AP Invoice Agent | Python, FastAPI, Streamlit, OCR, LLM

2026

- Developed an AI-powered accounts payable assistant that extracts invoice information from PDFs, validates required fields, and detects discrepancies to streamline invoice verification.
- Built an application integrating OCR, document parsing, FastAPI-based backend services, and LLM-based reasoning, with core functionality evaluated through a 167-case automated test suite.

TechNews Digest | Python, Streamlit, Hugging Face

2026

- Developed an AI-powered technology news platform that aggregates and summarizes 50 articles using NLP and Hugging Face, helping users quickly extract key information.
- Built an interactive Streamlit dashboard for browsing and organizing technology news, making relevant content easier to discover.

Used Vehicle Price Prediction System | Python, Selenium, Scikit-learn, Pandas

2026

- Built an end-to-end ML pipeline by scraping 300 used SUV listings with 12 vehicle attributes using Selenium, followed by preprocessing and feature engineering.
- Trained regression models to estimate fair market prices and developed an interface to compare predicted vs. listed prices.

SKILLS

Languages: Python, Java, C, HTML, CSS, JavaScript

AI, ML & Frameworks: Scikit-learn, LLMs, FastAPI, Streamlit, Pandas, NumPy, Selenium

AI Engineering & Tools: RAG, Kiro, Git, GitHub, VS Code

Databases & Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, DBMS

Soft Skills: Adaptability, Effective Communication, Critical Thinking, Team Collaboration

ACHIEVEMENTS

Gemini Student Ambassador – Google

2026

- Selected as a Gemini Student Ambassador to represent Google on campus, hosting AI workshops, promoting Gemini adoption, and engaging students through hands-on learning sessions.

Conference Presentation – International Conference ICSMET 2025 (Online)

2025

- Presented an AI-driven framework titled “AI Powered Smart Recycling of Lithium-Ion Batteries,” detailing sustainable electric vehicle battery waste management using X-ray sorting, Machine Learning, and Deep Cycle Recovery.

VOLUNTEERING EXPERIENCE

SWE Industry Academia Conclave 2026 | Volunteer

2026

- Volunteered at a technical conclave organized by BVRIT Hyderabad College of Engineering for Women on behalf of the Society of Women Engineers (SWE), supporting the coordination of tech talks, panel discussions, speed mentoring, and Prompt Battle, an AI-focused technical game.
- Assisted in facilitating interactions between SWE members and students, contributing to a collaborative environment for technical learning, networking, and knowledge exchange.
